# Joining instructions

Please read the details below to make sure you are able to take part in everything on offer. All the information you need to access our this event is in this document so please do read it.

**To access the session:**

- Click here to open the Zoom room: https://limmud.zoom.us/j/83201981745?pwd=bFIzaWtQOCtLbUhmVVNrRVM3WFFNZz09
  Or, from your Zoom account and press **"Join meeting"** and enter the **meeting ID: 832 0198 1745**

- Enter the session **password: 985831**
  If you have booked in one go for multiple participants, or are watching from multiple devices, this password will work for all of them.
  ***Please do not share your password with anyone.***

- You will then be held in a **waiting room** and the host will let you in a few minutes before the sessions begins.

- Please ensure your display name is correct. Please add your city location to your name. To do this go to the bottom corner of the screen, which you can do on the 'Participants' button at the bottom of the Zoom window.

  Hover your mouse over your name in the 'Participants' list on the right side of the zoom window and click on 'Rename'. Then just enter your full name and – location and click on 'ok'.

- All participants will be muted during the session to ensure the presenter can be heard. Please do keep your camera on so the presenter can see the participants, but please be aware that if you are doing something like eating or changing clothes you should turn the camera off (we may do that if you are doing something inappropriate or distracting).

- **If you'd like to ask a question** you can send it directly to the moderator using the **'Chat'** function which can be found at the bottom of the screen. Please do not use the 'raise hand' function. The moderator will pass on the questions to the presenter. The presenter or the moderator may select a number of participants to ask a question. If you are called upon, the moderator will 'unmute' you, invite you to ask your question and then 'mute' you again at the end.

- Please note that the session will be recorded for security purposes and may be used by Limmud afterwards. If you don't wish to appear in a later viewing of the session, please ensure that your camera is turned off.

**Overflow option through YouTube:**

- Should you be unable to join through the Zoom room, we have an overflow option through our YouTube page. This will be a live streaming of our session and you do not need to have a YouTube account to access it.

- Click here to open our **YouTube page: https://youtu.be/l9JdUx7Kt94**
  ***Please do not share this link with anyone.***

- Before the session begins the YouTube page will have a Limmud title page. Once the session is ready, it will automatically start livestreaming onto this page.

- If you'd like to ask a question you can send it directly to the moderator through 'Chat' on the YouTube page. The moderator will pass on the questions to the presenter.

**Contact us** If you need any technical support please contact office@limmud.org and we'll get back to you as soon as possible. Please be patient as we may be supporting a lot of people. We will do our best to help you, but may not be able to resolve hardware or internet issues – sorry!
