LIMMU

Two weeks ago volunteers from 12 European countries gathered in Berlin to officially launch Limmud Europe as an organisation. Limmud Europe is a pan-European Jewish organization that networks, nurtures, and creates synergies amongst Limmud groups throughout continental Europe. It also provides guidance and support to local Limmuds and individuals wishing to start up a new Limmud group.

Limmud Europe contributes to a vibrant pan-European Jewish community, anchored in the core Limmud values that encompass learning, mutual responsibility and respect, a commitment to courteous and open-minded dispute, social justice and human rights.

Bringing together and celebrating European Jewry in Berlin is a powerful statement, even more so given the current situation. This is why we choose to hold the cerenomy here.

- JUDITH ORLAND,
CO-CHAIR OF LIMMUD EUROPE

Europe's Jews, like all EU citizens, are at a crossroads. Jewish immigration to the EU over the past decades has been a major phenomenon, yet our institutions remain stuck in the past. We feel more confident, more determined to affirm our Jewishness, to be out as Jews. We need more inclusive processes, both within the Jewish community and beyond. Whatever our backgrounds, religious affiliations, level of religiosity. Now is the moment to unite (...) and (re)discover the diversity of European Judaism.

- DAVID WEIS OF LIMMUD LUXEMBURG
